

our
story

DENNIS *and* ROSE

about us

We have been married for 22 years, and we are business owners with full and exciting lives. We believe in living life to the fullest and not only pursuing our dreams and developing our talents but also supporting the dreams and talents of our children as well. Dennis is a welder and steel fabricator, while Rose is a stay-at-home mom enjoying her career as a wife and mother. Dennis is a self-motivated, dedicated husband with a rare passion for his work and the people around him. Rose finds purpose and fulfillment in loving her family and taking care of her family's needs. She enjoys cooking with our children, learning new things with them, and crafting and being silly with them. Our motto is work hard then play harder.

OUR HOME & PETS

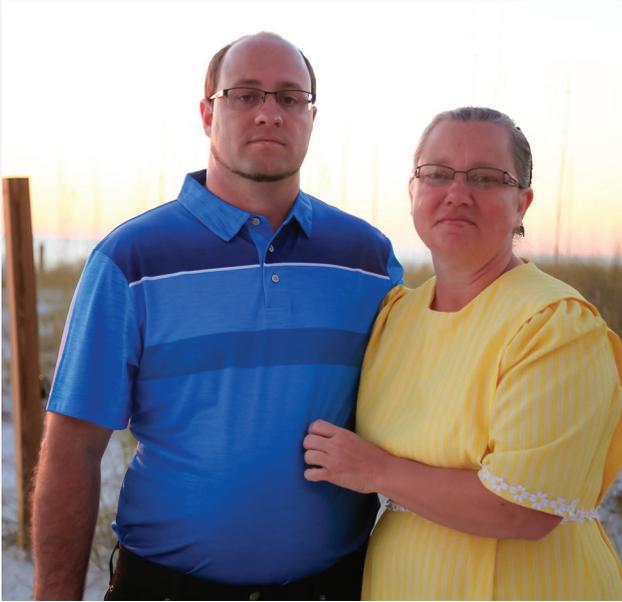

We live in a ranch-style home with several bedrooms, four bathrooms, and a yellow sunroom with a fireplace that we sit by to open our gifts every Christmas. We live in a cozy town, on two acres, and our family has a garden every summer with fresh vegetables that we either enjoy right away or can in the fall. Our community enjoys spending summer days swimming or riding bikes, and our evenings are spent gathered at the ballpark playing softball. Friends tend to come over often to relax at our home for a campfire and s'mores or a cookout with steak and hamburgers. We can't wait for your child to experience the memories he or she will create with our wonderful, supportive community and family.

WHAT LED US TO ADOPTION

We have always had a heart for adoption. As a child, Rose was surrounded by many family members who either fostered or adopted sweet children. The fun memories Rose made with these wonderful children was something she always kept close to her heart. In fact, one of her best friends growing up was her adopted cousin, and this planted the seed to want to adopt her own children one day. We wanted to add to our family, but after some high-risk pregnancies and births, we knew the time had finally come to grow our family through the miracle of adoption. We are so excited to be on this journey with you!

FAVORITE TRADITION: Christmas

MUSICAL GROUP: Celtic Thunder

FAVORITE MOVIE: Fireproof

DREAM VACATION: Switzerland

FAVORITE TV SHOW: Gilmore Girls

FAVORITE BOOK: Motivational books, the Bible

our family

Our extended family is very special to us, and we both come from a family of seven. Each year we look forward to our annual family camping trips as well as our many Christmas traditions. On Christmas Eve, we gather together and have an evening full of games, coffee, and food. The next day we celebrate the holiday with gifts and, of course, more food. We have lots of nieces and nephews who are keeping close tabs on our adoption process. They are super excited and can't wait to meet a new family member.

AND TRADITIONS

EXPECTANT MOTHER

To A Loving Mother,

We admire you so very much for your strength and the selfless love you have for your child to consider an adoption plan. We know whatever choice you make for your child will be made out of the deep love you have for your baby. We pray for your child every day and cannot wait for the possibility to meet him or her someday.

We have five biological children and find deep purpose and joy in being their parents. As a parent, there are seasons of challenges, change, laughter, joy, and tears, but through it all, we embrace all stages with strength, encouragement, and endless love.

Our favorite family activities are traveling, camping, or simply sharing stories around the kitchen table during our evening meals. We would so love for your child to be a part of those memories, whether around a campfire or around the table. Our motto for our children is "Give them wings to fly, roots to come back to, and reasons to pursue what we taught them."

With Love,

Dennis and Rose
