

LENNY +
SAMANTHA

HELLO

We are Lenny and Samantha!

Hello! We would like to thank you for taking the time to get to know our family. We are Lenny and Samantha. We have been together for 3 years and were married October 2019.

In 2015 Samantha was diagnosed with PCOS and Endometriosis. After multiple surgeries and failed attempts at treating the illnesses, a tubal ligation was ultimately required, resulting in infertility. Although Samantha was able to have a child through a previous relationship, Lenny has not had the opportunity to raise a child from birth. As sad as this realization has been, we are excited for what the future holds and know God has a plan for our lives. The desire to add to our family is what led us to this journey.

We are so thankful and appreciative of your decision to choose adoption. This choice is not taken lightly. If you choose an adoption plan, we would feel honored to be considered as a potential adoptive family for your child.

Please know that no matter your decision, we are praying for you and your child. We would love to get to know you and would feel blessed to partner with you post adoption with respect to your level of comfort.

Sincerely,

Lenny and Samantha!

This is our story...

We met at an Irish pub in a small Georgia town one winter night in December. I was a single mom raising my 10-year-old daughter at the time and Lenny had just completed the Police Academy.

We lived in different cities but believe fate brought us together that night. Lenny even wrote his phone number on a restaurant napkin. We started seeing each other and hanging out together often.

A year later Lenny proposed while on a trip to Disney World. We were married the following fall and now live as a family in our first home, still just as crazy about each other!

Our wedding!

Meet Lenny...

Leonard ("Lenny") is a very kind, smart guy and works as a police officer. Lenny enjoys riding motorcycles, reading books, hiking, working on computers, computer games, and playing the piano! Lenny's favorite color is green and his favorite food is steak.

Lenny says...

I am excited about adopting because I want to add to our family and have the opportunity to raise a child. I'm looking forward to watching them grow up and experiencing life with them as a family!

Our family is very lighthearted. We're always joking around and enjoy making each other laugh. I am excited for a little one so we can spend time together and go on walks together!

Meet Samantha...

Samantha ("Sam") is a social worker and loves hiking, camping, running, and shopping! She loves chicken fajitas and watching "This is Us."

Samantha says...

As an adoptive parent, I look forward to watching our son/daughter grow, loving, supporting and cherishing every moment.

I look forward to family dinners together, board games, movie nights, walks through our neighborhood and sharing the love of Jesus with this precious child.

I have such a big heart and I absolutely love working with children and families. As a social worker, my favorite part of my job is getting the opportunity to love on and play a part in the lives of the kids I meet. I'm also very laid back and love to joke around. There is always laughter in our house. We are a very close family, and also a very understanding and forgiving family.

Meet Kailyn...

Kailyn is 13 years old and loves the colors yellow and pink. She likes to eat "Nana's" Macaroni and Cheese & Baked Cheetos! Kailyn enjoys ice skating, singing and dancing, playing with animals, swimming, and baking!

Kailyn says...

I'm excited about having a little brother or sister so we can play and spend time together! I can't wait to take them ice skating, sing to them, watch Muppets and Sesame Street, and teach them their ABCs!

Dear Brother/Sister,

I'm so excited to hang out with you.

We're going to have so much fun!

We'll play games, watch TV, ice skate, and so much more!

No matter what, I'll always be by your side!

I can't wait for the memories we'll share!

Love,

Kailyn

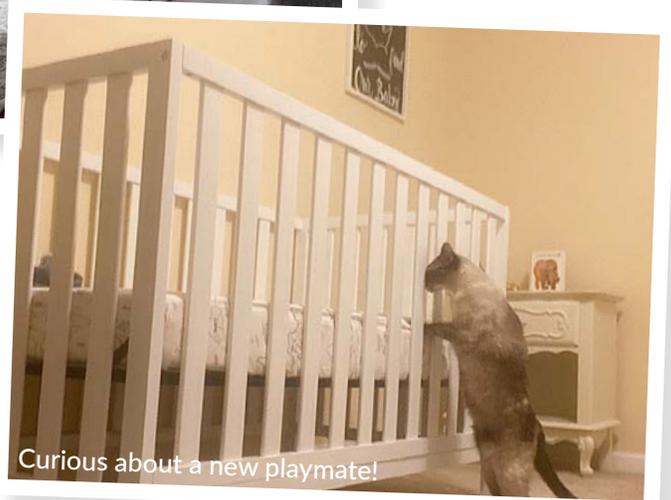

Lenny, Samantha, and Kailyn, 2020

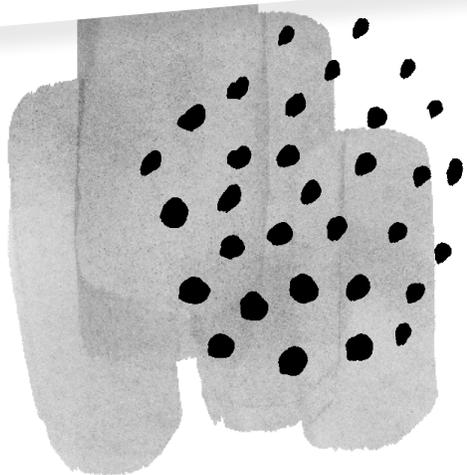

Our Home...

We live in Georgia in a quiet suburb, where we enjoy spending time outdoors, with friends and family, and going on family walks around the neighborhood. We have two cats, Maggie and Shae, with big personalities who love to cuddle and watch birds out the windows.

Curious about a new playmate!

Ready for baby!

We love to bake
