about us

OUR STORY

We have known each other since 5th grade! Talking a lot over AOL instant messenger, back in 2001, we started to get to know each other. We remained friends until we hit high school. But, after we began drivers ed classes together, in the tenth grade, we realized this friendship, was the start of something really great. We began dating, and the rest is history. We've graduated high school, college, began careers, changed careers, had babies, and moved to 3 different states.

A small piece of our story, is that we became parents to our oldest daughter at 17. Our plan was college, marriage, then kids- our sweet girl reversed the order and sped up the processing time. We were extremely fortunate to have our families supporting us- allowing us to graduate high school and even go on to finish college as well. Please know that we value your decision, and can empathize with similar pieces of your life's story.

a little about **Josh**

Josh grew up in Maryland, as the oldest of 3 boys- he's always been active. A lover of sweet tea and crabs, he's a true Maryland boy. From football to lacrosse, many nights were filled with sports- as part of his avid sports fan-ism now! Going on to college, Josh excelled as a lacrosse goalie- where he played for 3 years. After college, he coached at the college level, before switching careers and becoming a web developer. He still coaches lacrosse, at a local college as an assistant- which he loves and is passionate about. When he's not spending time with his girls, on a lacrosse field, or behind a computer screen- he can be found playing disc golf!

a little about
NICKI

Nicki grew up in upstate New York until she was 10, when her family moved to Maryland. Favoring hot wings, dark chocolate, and strong coffee- Nicki's definitely a New Yorker at heart. The oldest of 3 girls, she too, grew up playing lacrosse as well as soccer. Fun fact about Nicki, is she's licensed to do hair as well- after going to tech school in HS. Post college she began coaching at a local college here in Kentucky and has loved every minute of it. When she's not on the lacrosse field, cheering in the bleachers of a sporting event, or chasing kiddos around, she enjoys a good book, running, and the occasional Girls Night with friends.

*Our Three
Daughters*

Avery is an 9th grader who enjoys volleyball, spending time with friends and reading a good book.

Teagan is a 3rd grader who enjoys gymnastics, playing outside, and singing or dancing.

Piper is a Kindergartner who loves to swim, loves look and find books, playing with her sisters!

Adventures

Together we love to see and experience new places, people, and foods! We appreciate the beauty of God's world around us, and try to soak in as much as we can each year, whether it's near our house or a longer drive away. Some of our favorite trips have been to Dollywood, Myrtle Beach, Pontoon Boating, and exploring some new hiking trails.

FAMILY TRADITIONS

As a family we have many traditions. We look forward to them each season. Many of them have been things we have pulled from our parents, and some we have created as our own family traditions!

Back to School Pancakes! Every year on the first day of school, we do pancakes- it's a special meal we make SURE to have to start our new school year off with!

Our Blessings Jar, is a way we highlight good in our year- whenever something good happens- we write about it and open the jar after New Years!

For Christmas we go get our tree from the tree farm, and decorate it- we love our unique ornaments, and enjoying family visits!

Our Dog, Coco
One of the
sweetest dogs-
loves a good car
ride or walk
around the block.
She's a big fan
of fetch as well.
