

KAI *and* AMY

ABOUT US

Our love story began when Amy was a CNA caring for Kai's father. She adored Kai's father, and Kai was grateful for how she tended to his father's needs with compassion. Not long after meeting, we ran into each other and decided to meet for coffee. We are still enjoying coffee together 14 years later! Amy now works as a workforce development case manager connecting families in poverty to skilled training. After training, she helps families find livable-wage jobs. Many families Amy works with call her a cheerleader as she helps them change their lives! Kai transports steel to companies within a tri-state area. He loves coming home each night to spend time with Amy and our friends and family. We are dedicated to our church, supporting those in recovery, and bettering our community. We also love road trips and the occasional hockey game.

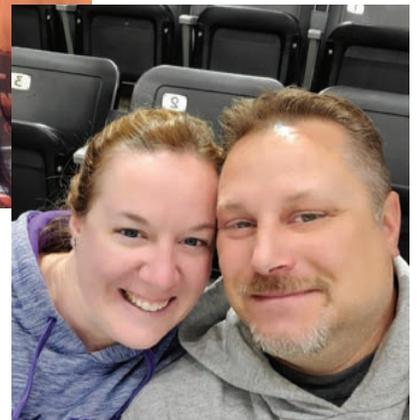

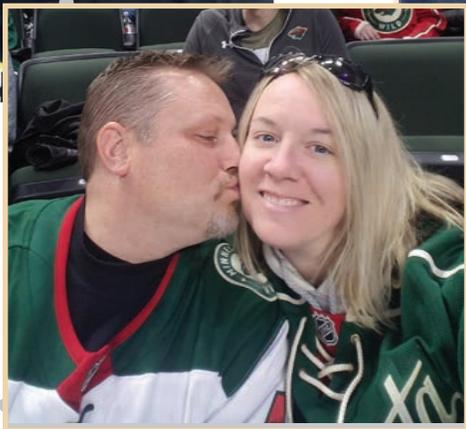

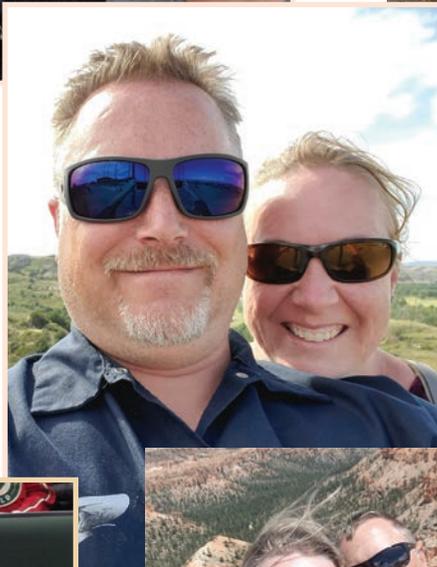

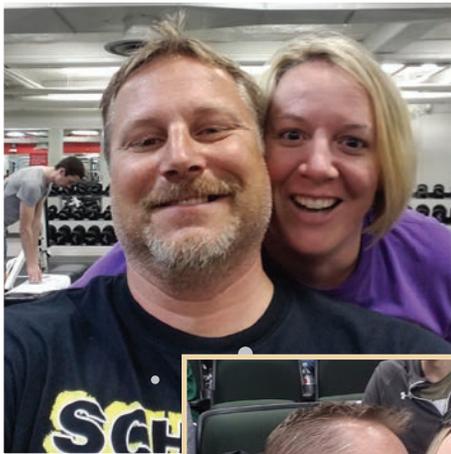

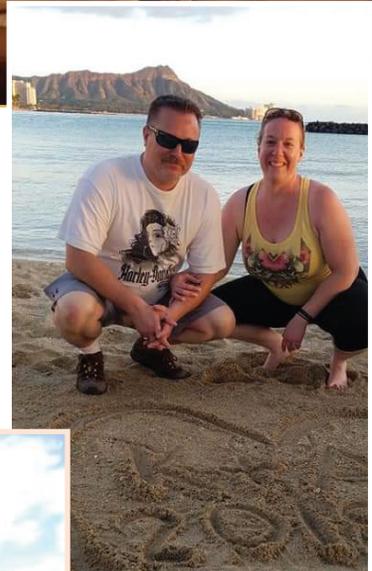

OUR HOME & PETS

We live in a three-bedroom ranch-style home with a large fenced-in backyard. There is plenty of room to run around and play! Our neighborhood is quiet, safe, and close to schools and many parks. Our diverse community has many family-friendly activities and events to engage and teach children new things. We also have two dogs, Buck and Diego. Buck is the newest addition to our family. He is a one-year-old blue heeler puppy who keeps Diego and us on our toes. He is very playful, rambunctious, and full of love! Diego is much more chill. He is a chihuahua mix who loves laying in the sun while he takes naps.

WHAT LED US TO ADOPTION

We have always known we wanted to have a child. After many tests and fertility treatments, we learned we are unable to conceive. This led us to the decision that adoption was where our journey was meant to take us. We have a strong belief that God is leading us on our journey, and we couldn't be more excited! We have many friends who have been adopted, and each one has highly encouraged us, knowing the love and support we will give to a child. We are excited for this opportunity to enrich our lives as well as the life of a beautiful child.

our family & friends

Amy's parents live on a small farm 20 minutes from our house. She has one brother and four sisters, all of whom are married and have children—for a total of 21 nieces and nephews! All her siblings and their families live close by, and we spend a lot of time together for birthdays, holidays, and family meals. As a family, we love to visit, play outdoors, and play games together.

Kai's parents have, unfortunately, both passed away, but his stepfather lives about 10 minutes from us. We enjoy eating meals and spending some holidays with him. Kai also has a sister who lives a few hours away. We spend a lot of time on the phone with her each week and visit a few times every year. Kai also has three children who live close by and love to visit and enjoy a meal or watch a movie.

We are very close to both sides of our family. Everyone within our family is very excited and supportive of us adopting a child. They can't wait to welcome another child into our loving and caring family.
