## About Us

Our **faith** and **family** is what we cherish most and what motivates us is the **love** and **respect** we have for one another. We would like to share with you some of the **fun** things that we enjoying doing as a family.

During the **summers** in San Diego we go to the **beach** and ride on jet skis and paddle boards. We also love to go on boat rides or just simply build sandcastles and play in the warm water. During the **winter** we go to the mountains where we **love playing** in the snow and making a snow man as well as going sledding and tubing.

Our **weekends** usually begin with our kids making their own **superhero pancakes**, which they love. We then let them choose between going to the beach, museum, aquarium or zoo. We **love cooking** together as a **family** and we usually finish off the day by having barbecues and s'mores in our backyard.

We love going on **international vacation trips** to Europe and the Caribbean. Spending time with family and friends is also very important to us. We attend **Church** every Sunday and it's important to us as we honor the values of **honesty** and **integrity** in our family.
