

CHRIS & JACQUIE

Hi there!

Thank you doesn't seem to be enough. We have always wanted to be parents. We were very sad to find out we couldn't have children naturally. We prayed a lot and God answered our prayers by leading us towards foster care. Then we knew God's plan was for us to adopt. We began with foster care almost three years ago. We were blessed with a sweet boy and were able to adopt him four months ago. He can't wait to be a big brother. We would be honored if you chose us. Our family has so much more love to give.

Our Story

Chris and I met when I was eighteen and Chris was twenty-two. My oldest sister introduced us. It wasn't love at first sight. However, we did connect pretty quickly. We kind of knew very early on we would get married. We dated for two years, then we were engaged for a year before we were married. We like to play basketball, go to the movies, go out to dinner, & go bowling with friends or family. We both love spending time at home too. We like to work around the house and spend time outdoors. Our son loves to stay at home so he can play video games, play nerf guns with his neighborhood friends, and ride his bike or scooters.

HAVE SO MUCH LOVE TO GIVE.**

A NOTE FROM CHRIS

Jacquie is beautiful inside and out. She is kind, caring, loving, funny, and patient. She is very outgoing and will help anyone. She is great with our son. They love to sing, dance, and act silly when we are in the car. She has always been a mother at heart. She is a blessing to everyone she meets and I can't wait to see her love for a new little one.

"Bud"

When he came into our lives we were beyond blessed and couldn't wait to watch him grow. He loves nerf guns, Legos, and video games. We love playing games together. He loves spending time with his mom and dad. We sing & dance in the car. We also take turns making animal noises and guessing what the other person sound like. He can't wait to be a big brother.

OUR Family

We love our extended family and have tons of fun when we are together. Our family is extremely close and we end up laughing until our stomach hurts every time we are together. We love having game nights and hanging out outdoors. We often go on vacations once a year together. One of our favorite things to do is go to amusement parks together. We have so much fun.

OUR FAMILY IS SO EXCITED ABOUT ADDING A NEW LITTLE ONE TO OUR BUNCH AND WILL LOVE THEM UNCONDITIONALLY.

OUR Home

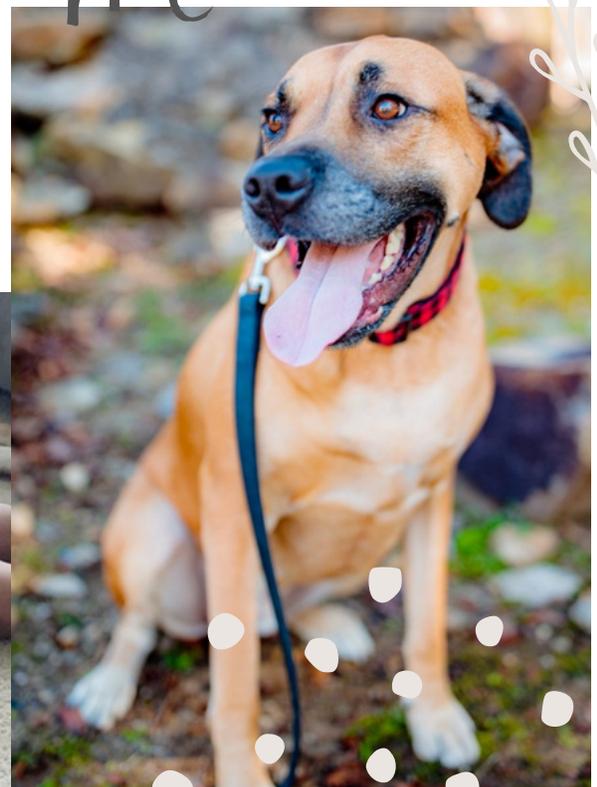

We live in a large neighborhood, with lots of kids. The holidays are always a special time and everyone decorates. Halloween is always tons of fun with our neighborhood kids.

We love that our children will have a fun and safe place to grow up with lots of friends and exciting memories to be made.

We have a wonderful dog. His name is Max. He is a 100lb snuggle bug. He was a rescue so we are not sure what breed he is. He is great with kids and is always ready to snuggle. They are best buds.

Max
