

Sue

Hello!

I'm Sue

FROM

NASHVILLE,
TENNESSEE

I'M SO

Happy

TO CONNECT WITH YOU

THANKS SO MUCH
for looking through
my profile!

I know it must be so difficult to consider the path of adoption for your child. I respect you for your strength and bravery. **I have wanted to be a mother for as long as I can remember, and my path to become a mother has ultimately led me to adoption.**

In heaven at the sunflower field!

I have been fortunate to have led a very rewarding life (although not without its challenges), but I know the one thing I have been missing is the opportunity to love and parent a child. Whether it is my nephews, my friends' children, or children I encounter in my everyday life, I am naturally drawn to the beautiful simplicity through which they view the world—it is a true gift!

I am so grateful that you would consider giving me the ultimate responsibility of raising your child. Know that I would always want you to be a part of your child's life—however we decide together that will look. **Thank you for taking the time to learn more about me. I WOULD BE HAPPY TO SHARE MORE INFORMATION ABOUT ME AND MY LIFE WITH YOU IF YOU ARE FEELING A CONNECTION!**

I LOVE TO TRAVEL and experience new things that challenge me

My favorite trip outside the U.S. was to Thailand—the beaches and ocean there were the most beautiful I have ever seen! I have lived in five different, but equally vibrant cities in the U.S. and feel fortunate to have experienced life on the East Coast, West Coast, and in the South.

As I look to the second half of my life, I want it to be more focused on selflessness and caring for others (including a child). I can't wait to share my unconditional love with a child.

I am incredibly loyal to my friends and family and have always preferred to have a smaller circle of close-knit relationships in my life. I have had a few best friends as I have gone through different life stages—middle school, high school, college, and post-college—but they all remain so dear to me and have been huge supports for me as I navigate the ups and downs of life.

MY CAREER

I have been a fundraiser for my entire career and have had the opportunity to raise support for many important causes. For the past several years, I have raised money for health care and medical research. Knowing the funds I raise may make a difference in a patient's life as they fight a disease makes me even more committed to my work!

SWEET

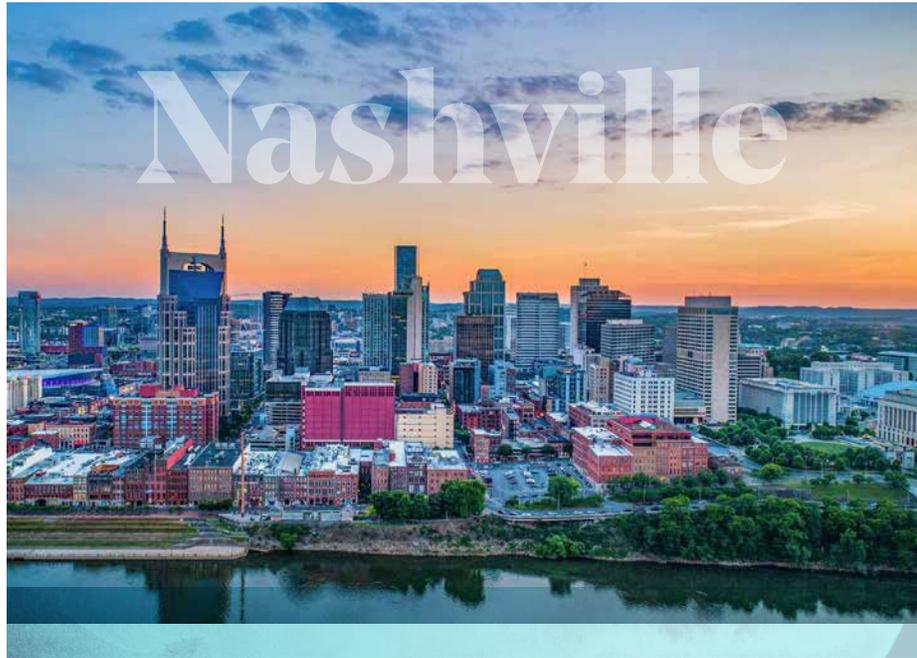

Home

While I haven't lived in Nashville a long time, I love the energy of the city, the friendliness of the people, the great restaurants and music scene, access to parks and hiking trails, and how central it is to easily explore other cities and towns. Recently, I've done long weekend trips to Asheville, North Carolina and Chattanooga, Tennessee—both were wonderful escapes near the mountains to enjoy nature.

I live in a great neighborhood in Nashville, which is culturally diverse, has some of the city's best restaurants, is very walkable with green spaces and is right next to a river. We are lucky to enjoy all four seasons in Nashville—I especially love the spring and fall with the mild temperatures. There's a zoo and plenty of museums and outdoor spaces that I look forward to enjoying with my child. There are lots of young families in my area, so I know my child would be able to have plenty of play pals to enjoy!

I LOVE DIXIE SO MUCH!

MEET MY DOG

Dixie

My sweet Beagle mix, Dixie, is the best! I always wanted a dog growing up, but never had one. I finally made the decision to adopt a rescue dog when I moved to Nashville, and it was such a great decision! She is so lovable and friendly and loves to cuddle—I know she will love another family member as much as she loves me if given the chance.

There's no place I'd rather be than hanging at the beach with friends in the summer

Me and my friend Katie love to take vacations to tropical places

I love to be outdoors and experience nature—whether it's walking my dog around the neighborhood or exploring one of the many hiking trails in my area. I try to stay fit and healthy and enjoy

exercising to benefit both my mind and body. I recently joined a strength training gym and am learning to lift heavy weights, which is empowering! I love to travel (whether close to home or far away) to

gain new experiences and learn about the country and the world firsthand.

A great hike in Massachusetts with my dad and stepmom, Betty

Meet My Loved Ones

A recent family get together

My father and stepmother live in New Hampshire and my sister and brother live in Massachusetts, in the suburbs of Boston. Since I now live further away from family, I keep in regular contact with them by phone. I enjoy my Sunday evening chats with my Dad!

I usually make plans to travel to visit my family for Christmas, and they usually try to visit me once a year as well. My favorite memories of my extended family are going to the beach in Maine for two weeks every summer. It's harder to all get together now that we're older, but I treasure those memories!

My two nephews

I have two nephews (my sister's two boys), who are 11 and 14 years old—they're the best! I know they would love to have a baby cousin to look out for and enjoy. When we are able to all be together, we always enjoy good food (my stepmother is Italian and makes the best meatballs!) and always find some sport to watch together! We are all big Boston sports fans... including the New England Patriots.

MY FAMILY HAS EXPERIENCED HARDSHIP—I LOST MY MOTHER TO BREAST CANCER WHEN I WAS 16—BUT WE HAVE ALL CONTINUED TO SUPPORT EACH OTHER IN OUR CHOICES AND BE RESILIENT AS WE EACH NAVIGATE OUR OWN PATHS IN LIFE. I was very close to my maternal grandmother before she passed, and always enjoyed sharing memories and stories about my mom with her.

I HAVE SUCH GREAT

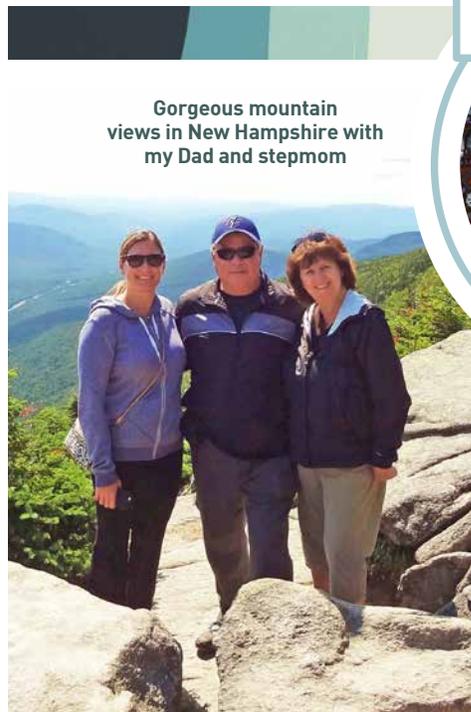

Family Support!

A final thank you

I AM SO GRATEFUL FOR THE OPPORTUNITY TO BE CONSIDERED AS A PARENT FOR YOUR CHILD!

I TRY TO BE AN OPEN BOOK, so I would be happy to chat with you more if you have any questions.

I would always want your child to know you and to know how important you are in their lives. My hope is, that you will want to continue to be a part of your child's life in some

way. I know having a connection to you would be so important to your child, especially as they grow older and explore their own identity. **In my opinion, the more people who love**

and support a child, the better, but I will honor whatever openness you feel is best. Thank you for taking the time to read my profile.
