

Jamie & Megan

Hello!

We are Jamie and Megan, and we are super excited to be adopting! Being parents is something we've always dreamt of. Family is very important to us and growing ours through adoption would mean the world! We appreciate you taking the time to view our profile book and we admire your bravery in making this decision!

About us

We first met in 2013 when working at the same restaurant and Megan was attending college. In 2018, after dating for 3 years, we made it official and tied the knot! We work full time from home, which we believe will be beneficial with raising children. We have spent the last 5 years creating a beautiful life together. A life where we value things like integrity and compassion. A life full of laughter and stability. A life that we are more than ready to bring children into.

Jade & Tito

These two are great with kids! They enjoy going for walks and taking car rides. Tito loves attention and Jade loves food!

a little about

Megan

Megan is hard working and full of ambition. She loves to plan and think about the future. She's never afraid to chase her dreams! Megan is passionate when it comes to her work and has experience in child counseling. On top of all that Megan is FUNNY! I love her sense of humor and goofy side. She is close with her mom and two sisters. She spent 6 years at a university getting her masters in social work and now spends her days helping others help themselves.

Our Home

In 2020 we purchased our absolute dream home. It's located in a beautiful, quiet, neighborhood with views of farm land and the country side. With 4 bedrooms, a bonus family room and a huge fenced in backyard, it's all the space we need! We're located 15 minutes from the city and just 5 minutes from a community park. We love hosting family dinners and game nights. We look forward to growing our family here and creating a life time of great memories.

Family & Friends

Our friends and family are beyond excited! They know exactly how much this means to us. They cannot wait to welcome the new family member. They are offering to support and help us any way they can.
